We are working to improve lives by increasing family stability and educational attainment in Central New Mexico. By providing supports that improve outcomes for all families, we will help assure our community thrives and carries that success from generation to generation.

Families Build a Foundation

Families create a foundation for lifelong health, learning, and social and emotional well-being. Young children are supported by services, communities, and families. They begin kindergarten ready to learn.

Students Achieve in School

Students are resilient, safe, and curious and are supported by services, communities, and families. They develop a foundation for lifelong health, social and emotional well-being and a curiosity for learning beginning in kindergarten and continuing through graduation.

Young Adults Succeed in School and Work

Young adults are engaged and attending school regularly and are able to participate in college and career experiences which support post-secondary attainment or a career pathway. Adults returning to college are able to find a pathway for higher education regardless of where they are in life.

Basic Needs

Basic needs such as shelter, health, food, clothing, and transportation must be met to provide a foundation for all individuals to succeed.
